

Remote Radio Units

Building on a rich heritage of supplying radios to meet the needs of the communications industry, AceAxis offers development of RRUs configured to meet individual requirements for :

- Cellular
- Public safety
 - Industrial
 - Transport
- Enterprise applications

Lightweight Industrial RRH

LTE - FDD
6W rms transmit power
2.1 GHz
Weighs less than 4.5kg

Flexar

Highly flexible multi-standard RRU
3G/4G FDD and TDD with CA and MIMO
400 MHz - 6GHz
Rapidly configurable for specific requirements.

Compact RF Booster

LTE - FDD
2 x 10W channels
1710 - 2170MHz

Etna

LTE - TDD
2 x 50W channels
2.3GHz
Field programmable channel bandwidths
from 5MHz to 20MHz
